# INDEX

TO THE

*ISSUES OF 1930*

OF THE

# QUARTERLY JOURNAL.

## A.

| | PAGE. |
|---|---|
| Acidity of Tea Soils in North East India .. ... | 170 |
| ,, determination of— ... ... ... | 173 |
| ,, meaning of— ... ... ... ... | 178 |
| Assam, The 1929 season in— ... ... ... | 79 |

## B.

| | |
|---|---|
| Black tea in Kangra Valley ... ... ... | 11 |
| Blights, Notes on Treatment of— ... ... ... | 190 |
| ,, Classification of tea— ... ... ... | 190 |
| Brown root rot ... ... ... ... | 28 |
| ,, ,, ,, depredations of— ... ... ... | 31 |
| ,, ,, ,, description of— ... ... ... | 29 |
| ,, ,, ,, history of— ... ... ... | 28 |
| ,, ,, ,, treatment of— ... ... ... | 31 |

## C.

| | |
|---|---|
| Cachar floods in 1929 ... ... | 37 |
| ,, ,, ,, ,, extent of— ... ... ... | 37 |
| Ceylon lofts ... ... ... ... ... | 160 |
| Chatla Bheel, floods in 1929 ... ... ... | 39 |
| Chlorogen ... ... ... ... ... | 166 |
| *Chung* withering houses, benefits of— ... ... ... | 156 |
| Colorometric estimation of pH values ... ... ... | 175 |
| Controlled withering ... ... ... ... | 158 |
| Crop distribution in Ranchi and Dehra Dun ... ... | 131 |
| Cyanogas, use of—in control of tea seed bug ... ... | 24-27 |

## D.

| | PAGE. |
|---|---|
| Deficiency blights ... ... ... ... | 190 |
| Dehra Dun, Tea in— ... ... ... ... | 127 |
| ,, ,, field methods in— ... ... ... | 129 |
| ,, ,, manufacture in— ... ... ... | 130 |
| ,, ,, tea soils of— ... ... ... | 128 |
| Dooars, the 1929 season in— ... ... ... | 80 |
| Dusting machines ... ... ... ... | 25 |
| "Dry" teas ... ... ... ... | 69, 73 |
| Dryer, Tea—Capacities ... ... ... ... | 70 |

## E.

| | |
|---|---|
| Effect of Manuring on Quality of Tea ... ... | 198 |
| ,, ,, Spraying, Time of Pruning and Cleaning out on Crop | 133 |
| ,, ,, Time of Application of Manures ... ... | 55 |
| ,, ,, ,, ,, ,, ,, experimental details | 62 |
| Electrolytic Chlorine ... ... ... ... | 166 |
| ,, ,, efficiency of— ... ... ... | 167 |
| ,, ,, limitation of— ... ... ... | 167 |
| ,, ,, use of— ... ... ... | 168 |
| Electrometric estimation of pH values ... ... | 175 |

## F.

| | |
|---|---|
| Fan speeds of Tea Dryers ... ... ... | 71 |
| Fermenting Room floors, The Cleaning of— ... ... | 163 |
| ,, ,, ,, sterilization of— ... ... | 164 |
| ,, ,, ,, and permanganate ... ... | 165 |
| ,, ,, ,, and electrolytric chlorine ... | 166 |
| Fertilisers, effect of—on acidity ... ... ... | 179 |
| Fire, first— ... ... ... ... ... | 71 |
| ,, second— ... ... ... ... | 72 |
| Firing of tea, important points ... ... ... | 74 |
| Firing of tea ... ... ... ... ... | 67 |
| ,, ,, ,, theoretical considerations ... ... | 67 |
| ,, initial temperatures ... ... ... | 72 |
| ,, exhaust ,, ... ... ... | 71 |
| Flooding, effect of—on tea bush ... ... ... | 43 |
| ,, treatment of after— ... ... ... | 47 |
| *Fomes applanatus* ... ... ... ... | 32 |
| ,, ,, depredations and treatment of— ... | 33 |
| ,, ,, description of— ... ... ... | 32 |

F.—(*continued.*)

| | PAGE. |
|---|---|
| *Fomes Lamaoensis* (Brown root rot) ... ... ... | 28 |
| ,, ,, depredations and treatment of— ... | 36 |
| ,, ,, description of— ... ... | 35 |
| *Fomes Lucidus* ... ... ... ... | 33 |
| ,, ,, depredations and treatment of— ... | 34 |
| ,, ,, description of— ... ... | 34 |

G.

| | |
|---|---|
| Green tea in Kangra Valley ... ... ... | 9 |
| Guest House at Tocklai ... ... ... | 1 |
| ,, ,, ,, ,, (notice) ... ... ... | 197 |

H.

| | |
|---|---|
| Hailakandi floods, 1929 ... ... ... ... | 39 |
| *Hymenochaete noxia* (Brown root rot) ... ... | 28 |

I.

| | |
|---|---|
| Ideal withering conditions ... ... ... | 158 |
| Infection of fermenting room floors ... ... ... | 163 |

K.

| | |
|---|---|
| Kangra Valley, climate of— ... ... ... | 3 |
| ,, ,, gardens, management of— ... ... | 12 |
| ,, ,, labour ... ... ... | 13 |
| ,, ,, methods employed in— ... ... | 5-10 |
| ,, ,, Report on tea in— ... ... | 2 |
| ,, ,, tea soils of— ... ... ... | 4 |
| Kulu Valley ... ... ... ... | 2 |

L.

| | |
|---|---|
| Lagging of Tea Dryers ... ... ... ... | 103 |
| Leaf and stem diseases ... ... ... ... | 194 |
| Lime requirement of soils ... ... ... | 173 |

M.

| | |
|---|---|
| Manures, Effect of Time of Application of— ... ... | 55 |
| ,, effect of—on soil acidity ... ... ... | 179 |
| Manuring, effect of—on quality of tea ... ... | 198 |
| ,, ,, ,, —on flushing of bush ... ... | 201 |
| ,, of tea in North East India ... ... | 86 |
| Meteorological observations in North East India, 1929 ... | 79 |
| Mycorrhiza on tea roots ... ... ... | 75 |

## N.

| | PAGE. |
|---|---|
| Nitrogenous manures, effect of—on soil acidity ... ... | 186 |

## P.

| | |
|---|---|
| Pests and Blights in North East India ... ... | 90 |
| pH values ... ... ... ... ... | 175 |
| Phlobaphenes and tannin "reds" ... ... ... | 152 |
| Phosphatic manures, effect of—on soil acidity ... ... | 187 |
| Potash manures, ,, ,, ,, ,, ,, ... ... | 188 |
| Pruning, effect of time of—on crop ... ... | 134 |

## Q.

| | |
|---|---|
| Quality of Tea, effect of manuring on— ... ... | 198 |

## R.

| | |
|---|---|
| Rack withering houses, defects of— ... ... ... | 156 |
| Ranchi, Tea in— ... ... ... ... | 123 |
| ,, climate of— ... ... ... ... | 121 |
| ,, field methods in— ... ... ... | 125 |
| ,, manufacture of tea in— ... ... ... | 126 |
| ,, tea soils of— ... ... ... ... | 124 |
| Red leaf and tannin "reds" ... ... ... | 154 |
| Report on tea in Kangra Valley, Punjab ... ... | 2 |
| Reversible air flow lofts ... ... ... ... | 160 |
| Root diseases, common— ... ... ... | 192 |

## S.

| | |
|---|---|
| Sathkyah Withering House ... ... ... | 161 |
| Seed, fungal attack on tea— ... ... ... | 19, et seq. |
| ,, "starred"— ... ... ... ... | 19, 23 |
| ,, Tea—bug ... ... ... ... | 14 |
| Silt deposits in Cachar ... ... ... ... | 45 |
| ,, ,, ,, ,, analysis of— ... ... | 49 |
| ,, ,, ,, ,, composition of— ... ... | 46-47 |
| Soil acidity, determination of— ... ... ... | 173 |
| ,, ,, theories of— ... ... ... | 172 |
| ,, ,, summary of findings .... ... ... | 188 |
| Snag diseases ... ... ... ... | 194 |
| Some observations on Tea Roots ... ... ... | 75 |
| ,, ,, ,, ,, Leaves ... ... | 113 |
| Some notes on the Treatment of Blights ... ... | 190 |
| Spraying, effect of—on crop ... ... ... | 142 |

S.—(*continued.*)

| | PAGE. |
|---|---|
| Starch in bushes and liability to blight ... ... | 191 |
| "Stewed" teas ... ... ... ... | 68 |
| Sulphur, effect of—on soil acidity ... ... ... | 184 |
| Sunshine records ... ... ... ... | 82 |
| Superphosphate, restoring jute bags used for— ... | 54 |
| Sylee, temperatures and rainfall of— ... ... | 81 |

T.

| | |
|---|---|
| Tannin "reds" ... ... ... ... | 152 |
| Tea Dryer capacities ... ... ... ... | 70 |
| " Dryers, the Lagging of— ... ... ... | 103 |
| Tea Leaves, Some observations on— ... ... | 113 |
| Tea in North East India, pt. IV. ... ... ... | 85 |
| Tea manufacture in North East India ... ... | 94 |
| Tea in Ranchi and Dehra Dun ... ... ... | 120 |
| Tea Roots, some observations on— ... ... ... | 75 |
| Tea seed bug ... ... ... ... | 15 |
| ,, ,, ,, control of— ... ... ... | 24 |
| ,, ,, ,, depredations of— ... ... ... | 18 |
| ,, ,, ,, life history of— ... ... ... | 16 |
| Tea Tasters' Reports on manured teas. ... ... | 203 |
| Tocklai Guest House ... ... ... ... | 1 |
| ,, ,, ,, (notice) ... ... ... | 197 |
| "Twelve-anna" fired tea ... ... ... | 71 |

U.

| | |
|---|---|
| Unpruned Tea in Building up a Young Bush ... ... | 107 |

V.

| | |
|---|---|
| Vegetable Parasites of Tea Plant ... ... ... | 28 |

W.

| | |
|---|---|
| Weather Chart for 1929 ... ... | face p. 83 |
| Withering, controlled— ... ... ... | 158 |
| ,, lofts ... ... ... ... | 158 |
| ,, reasons for— ... ... ... ... | 151 |
| ,, space ... ... ... ... | 157 |
| ,, of Tea Leaf ... ... ... ... | 147 |
| ,, ,, ,, ,, chemical changes during— ... | 147 |
| ,, ,, ,, ,, physical ,, ,, — ... | 148 |
